

Delta Level 2 Plan

07 SEP 2021

Zion dance classes are due to open 8th of September 2021 under Covid-19 Level 2 regulations. The regulations below are being put in place. These will be reviewed on a week by week basis following the government's Alert Level reviews.

Event Capacity –

To be always kept under 50 people, we plan on managing this by only allowing students in the building, and we encourage parents to wait in their vehicles. We also ask that students only come for their class, not any earlier or hang back afterwards. Classes will be split into different areas around the building and no interaction between classes will occur. Students will need to check which entrance they will need to use for their class.

Contact Tracing –

Student roles will be taken in class and anyone entering the building not on a role system (including employees, interns and volunteers) will need to either scan the QR code or fill in the manual contact tracing register.

Social Distancing –

We will have markers on the floor by the bathroom in case there is congestion, just to remind people to keep distance when possible. Refrain from any physical touching such as hugs or high fives.

A distance of 1m from each other will be encouraged in classes.

Face coverings –

Teachers will be required to wear a face mask during class

Food & Water Consumption –

The café will be closed to all visitors and students. We encourage students to eat before they come to class, if this is not possible, we advise you not to share food with others. You **MUST** bring a drink bottle to class; we will not have cups out for the public. If you forget your drink bottle you will need to ask a teacher to get a cup for you.

Payment Methods –

We will only be accepting Eftpos or online Payments to avoid cash handling. The Eftpos machine will be sanitised after each use.

Cleaning –

Any surfaces that people have been in contact with will be sanitised at the end of each working day.
